### BREEDING GUARANTEES

**Bulls** – In the unlikely event of infertility, the vendor guarantees that (without expenses, interest, costs and damages) if the bull proves to be totally infertile or totally incapable of natural service, provided it is not caused by an injury or disease contracted since leaving the sale, to either replace with an animal of comparable value or credit to the full purchase price will be given at the next sale or on a private sale animal upon return of the affected bull. If the bull does not possess a reasonable fertility, although not totally infertile, any claim shall be considered on its merits by the vendor and his veterinarian. Any complaint must be lodged with a relevant veterinary certificate within 6 months of the sale direct to the vendor.

**Females** – All females are sold as guaranteed breeders. In the unlikely event of a female cannot be bred successfully within 6 months from the date of the sale or by the time the female reaches 22 months, the vendor guarantees (without expenses, interest, costs and damages) the purchase be refunded or a replacement female will be given (provided that the purchased female has not been injured or contracted disease since leaving the sale) upon return of the affected female. This guarantee does not apply to a female that is entered into an embryo transfer programme. The purchaser shall produce a veterinary certificate when required.

# FOREWORD

## Welcome to the second Speckle Park Spectacular Sale.

The Speckle Park breed has gone from strength to strength over the past year with one amazing result after another. From yet again winning the Grand Champion body at the Calgary Stampede Carcass show in 2010, winning the Brisbane SS Steer competition in 2010, to just last month winning the 2011 Calgary Stampede Carcass competition AGAIN!!!

There has been the first showing of the breed at many of Australia's Royal Shows, where Speckle Parks have been accepted by all that have seen them and viewed as a fine carcass based breed with maternal traits bred in. The breed has in an amazingly short time frame been admired and has become known the length and breadth of the country.

Commercial cattlemen have embraced the breed, with scores buying bulls and straws of semen to help them produce the carcasses the meat buyers are demanding.

Speckle Park Beef Australia launched the branded beef product, **Speckle Park Supreme**. The launching of this very exclusive branded beef will only go to strengthen the demand for the beef that Speckle Park and their crosses can produce.

There has been an extraordinary increase in demand for all descriptions of Speckle Park meat with the high end restaurants leading the way.

Throughout the country and overseas they are clamouring to get this **high quality, high marbling, great tasting, melt in your mouth meat** onto their patrons plates.

There is an amazing demand for the meat, with orders outstripping the supply ten fold. I think this gives you as cattle producers an unequalled opportunity to raise cattle that are in demand and have the buyers of the end product pay a premium for it, something not many of us have ever experienced in the beef industry.

Speckle Park is a very rare commodity, **A DEMAND DRIVEN PRODUCT!!!**

If you're starting in the purebred side of Speckle Parks's, expanding your involvement or just trying Speckle Park genetics for the first time I can personally recommend this draft of young cattle.

The cattle offered here today display all the attributes that are making the Speckle Park breed one of, if not the most highly sort after breed anywhere in the world today!

You can buy with confidence knowing that the genetics have come from the very best cows and bulls in the breed, many out of the "top end" individuals the Speckle Park breed can offer, anywhere in the world.

On behalf of all the vendors may I wish you all the best with your purchases and a safe trip home.

Regards

**Greg Ebbeck**

# REFERENCE SIRES

## STAR BANK LACERTA 68L

One of, if not the leading Speckle Park sire in the breed. He was the 2003 Grand Champion at Farmfair and has produced many Champion offspring including in 2007 both Grand Champions at Canadian Western Agribition.

His progeny grow quickly, have the most impressive muscle pattern with lots of marbling and beautiful super feminine females.

Lacerta 68L was our major sire used in 2008 and 2010. His calves are excellent here in Australia as well as throughout Canada and Ireland.

## STAR BANK KING GEORGE 82U

Grand Champion Speckle Park Bull Agribition 2008 owned and exhibited by Speckle Park Cattle Company Australia.

A complete outcross.

His first calves are now on the ground with some outstanding individuals.

This guy is set to take over from Lacerta.

## RIVER HILL TRAFFIC JAM 26T

Grand Champion at the 2010 Canadian Western Agribition.

At only 10 months he was Calf Champion and then Reserve Grand Champion at Agribition.

He is an out cross pedigree, very attractive and easy on the eye. He is progeny are extremely thick with his first sons winning here in Australia and Canada, including Walker.

He has natural thickness rarely seen in any breed but has plenty of grow to him and extension up front that has allowed him to become a super sire.

# REFERENCE SIRES

## RIVER HILL WALKER 2G

Walker is our new and exciting young sire. He was RESERVE GRAND CHAMPION at AGRIBITION 2009 and when at side with his mother, she (60S), was awarded GRAND CHAMPION FEMALE at AGRIBITION 2009. He is as thick a Speckle Park as we have seen with good testicular development, borne out by his ability to produce super semen.

## PRAIRIE HILL JOHN WAYNE 50S

Selected in 2006 as a young calf on his magnificent dam. JW was Reserve Junior Champion Agribition 2007. JW is one of the most interesting bulls we have seen in the breed, combining power and muscle with extra extension and a little added frame.

He strides out over a lot of ground on a great set of legs and perfect feet. His progeny show all his performance.

## CODIAK CRIKEY GNK 13U

Out of a super donor cow Crikey shows an immense amount of thickness and natural doing ability. He has an out cross pedigree to nearly all of the females used in Canada over the past three years. Our first calves have developed into outstanding young sire prospects.
